

RWP1

Aluminum Rectangular Melting Tanks

The shape of the object to be dipped determines whether a round or rectangular tank is best suited for the job. Heavy cast aluminum assures even heat distribution and eliminates localized hot spots.

Model #	Ship Wt	App Liq Cap	Watts	Inside			Overall		
				Width	Length	Depth	Width	Length	Depth
RWP1	14 lbs	1 Quart	600	4"	4"	2"	9"	9"	5"

Voltage	115	220-1	220-3	440-3
	x	x	n/a	n/a

Temperature control is the most important factor in the use of Evans Stripcoat. We recommend heated thermostatically controlled melting equipment. Special sizes available upon request.
